

Men's Weekly Golf Report –

Saturday - 6th March

ADRIAN SENDS THEM ALL PACKING

It has been a big week or so for Adrian Pack. Firstly he took off with the near four figure sum members draw the other Friday night and then last Saturday he won the PERREY BOZZETTI Stroke competition. Not a bad little run.

Pictured below (right) sharing a drink with visiting ex member and committeeman Anthony Hutchins "Packy" shot a nett 66 to narrowly triumph.

After having a year or so off from golf he is now back and playing regularly and the old touch is fast returning so there could be more wins on the way!

Former Club Champion Gavin Thoman edged out likely future Club Champion Mark Bolton by one stroke in the "A" grade - nett 67 to the President's 68 with some great golf being played here.

Ex member Michael Broadley, now mostly strutting his stuff at Tailem Bend GC, won the "B" grade with his nett 67 being just a tick too good for jovial left hander Shaun Williams who struck a 68.

Gav Sanderson has had a few struggles of late but he turned that around on Saturday winning the "C" grade with his nett 69. The totally unpredictable Trevor Turner was runner up with a nett 70 after being further back than Kiwi in the Melbourne Cup at half way.

Steve Angove led in the placegetters with a nice 68 and Graeme Southern, Mario Grande and Rob Walters were all prominent with their nett 69's. Jedd Rothe, Jeff Lipp, Dean Wright and Jared Thoman were best of the rest with nett 70's.

Jared Thoman would have been much further up the leaderboard but for a rare disaster on the 2nd hole. Approaching the green from the 16th fairway after a few wayward shots he marched up and chipped his ball before soon after realising it was in fact a rogue ball sitting there by itself that looked remarkably similar to his Callaway. Oooooops. Two shot penalty and back to find his actual ball which eventually turned into a seven shot hole and one seething player! Mind you, the next sixteen holes he played were pretty darned good so it shows the steely temperament some players do have.

Garry Ryan had an eventful 5th hole. His tee shot struck a tree and ricocheted out of bounds onto Maurice Road. No problem. Tee off again and off we go. A short time later he was confronted by an irate gentleman who had a car with a smashed windscreen sitting across the road! Garry, unaware he had caused the problem, soon owned up to his wayward shot and the gentleman calmed down when he realised he would get a free windscreen replacement courtesy of Garry's golf membership insurance cover. Golf courses and nearby cars and houses are often unintentionally united.

Peter Erickson has only just returned from six weeks away in Tasmania and he celebrated his return by immediately winning the Yabby on the 11th hole after a lovely iron tee shot.

31 handicapper Trevor Turner wasn't too happy after the front nine having sprayed his ball around all over the place, but as is often the case for many players things can mysteriously and rapidly change upon stepping onto the 10th tee block. Well, what a transformation this time. Forty two strokes later Trevor finished his round completing his back nine with a score of nett 26! That is the

equivalent of 26 points in a stableford round! Fortunately for him the Pro comp was on the back nine which meant a nice payday at the end of the day. Not satisfied with that he also cleaned out the eagles nest (\$60) after putting in from just off the green on the 15th for a two!
Give me a break!
